

## Steps to develop a Curacy training & development plan

1. Curate & TI broadly discuss Dispositions, Understandings & Skills of the Formation Criteria

2. Curate reflects on their own Understandings & Skills: what to consolidate, build on, or acquire? (Checklist in Handbook pp34-40 or new Formation Criteria mapping tool)

3. Curate and TI discuss priorities and opportunities in training during the whole curacy and for Year 1 (p41)

4. Curate draws up training & dev. plan for Year 1 (p42)

5. Curate & TI discuss and agree the plan, complete the summary (p43) and send to Area CMD Adviser

6. Curate & TI review the previous year (p45) and draw up Year 2 plan
